

DAVID KUFELD

Front-end Developer

Bordeaux, France · davidkufeld.com · linkedin.com/in/davidkufeld · github.com/David-yamayama

Profile

After studying design and spending a few years composing and playing music, I came to code with a bit of both. Design taught me to care about the details people don't consciously notice; music taught me timing, and left me with a method: hold a precise vision and keep digging until it sounds right. Curious and determined, I like nothing more than the moment an idea finally becomes real.

Experience

Front-end Developer (apprenticeship) · *Lost Mechanics, Bordeaux* · 2024 — 2026

L'Odyssée de Bot-B ↗ **FWA of the Day** · CSSDA

Interface of a career-guidance serious game for Cap Métiers.

Fine Cover ↗

Full front end and Payload CMS design: page-building blocks and data structure.

Destination Aéro ↗

Serious game on aerospace careers for the Cité de l'aéronautique: contribution to the game concept, front-end build.

Studio website redesign

Front-end development, animation and CMS.

Freelance projects

Cannelle Thélise ↗

Make-up artist portfolio, from mockup to launch: Nuxt, Sanity, GSAP.

Khaula Bena ↗

Fashion designer portfolio, logo, mockup and development: Nuxt, Sanity, GSAP.

Skills

A global vision, down to every detail.

Development — Clean, maintainable and accessible interfaces, from design systems to headless CMS.

Interactions — Animations, transitions and micro-interactions: every movement has a purpose, and a response.

Soundscape — Creating or curating sounds for an enhanced interactive experience.

Stack

Nuxt · Vue · Sass · GSAP · Figma · Payload · Sanity · React · Pinia · i18n · Howler.js · Git · Linear

Education

2026 · **Master's in Information Systems Architecture** · Epitech

2024 · **Web & Mobile Application Designer-Developer** · La Capsule

2017 · **Bachelor's in Design & Applied Arts** · Université Bordeaux-Montaigne

Before code

2017 — 2024 · **Graphic Designer** · Freelance

2015 — 2024 · **Music Composer / Producer** · Hollow Mountains
